Emily Rose Pepino, 8, is doing her part to help raise funds to build a World War II memorial to honor veterans. She's been saving her pennies and recently donated them to the memorial drive. Emily is pictured with her grandfather, state Rep. Leo P. Pepino in front of the Manchester World War II Memorial's Donation drive thermometer. Her donation will honor her grandfather, her grandmother and the more than 12,300 other men and women from Manchester who served in World War II.
